# دود و عود

کدامیک در داستان آفرینش اول از همه بودند ... تاریکی، آتش، نور، هوا ... و کدامیک از این عناصر زندگی را خلق کرد؟

این شانس را داشتم که با دوربین کائن جی ۱۰ کوچکم از دود این تصاویر را عکاسی کنم. این تصاویر از دود عود و جریان هوا در یک اطاق کوچک یکی پس از دیگری پدید آمدند و هر کدام اشکالی را در خود دارند که هر کس می تواند تعبیر خود را از آنها داشته باشد. این تصاویر من را به فکر داستان آفرینش و منشا موجودات زنده انداخت. قصد من بازگو کردن هیچ فلسفه‌ای وابسته به هیچ اعتقادی نیست اما این عکس‌ها من را به یاد شعر معروف سعدی می‌اندازد: «ابر و باد و مه و خورشید و فلک در کارند ...» و ما آن‌ها را نادیده نمی‌گیریم و محترم می‌شمریم.

## Smoke and Incense

Which came first in the story of creation...darkness, fire, light, air ... and which of these elements created life itself?

I had the chance to capture these images from smoke with my small Canon G10. These images are simply created by smokes of aromatic sticks and airflow in a small room one after another and each one has figures open to interpretation. They make me think about the story of creation and the origin of living creatures. My intention is not philosophical nor tied to any beliefs but these photos remind me the poem of Saadi Shirazi (1210–1292): "Clouds, winds, fogs, sun and the sky are in a great mission to make foods for you ..." and we don't ignore them in their respect ...".

05-Smoke Collection

The background of the image is a close-up, abstract photograph of swirling smoke or steam. The colors are primarily shades of brown, tan, and white, creating a sense of depth and motion through the use of light and shadow. The smoke forms several concentric, flowing arcs that curve from the bottom left towards the top right.
